To ensure a well-balanced diet, for severe dietary needs, you may bring items to supplement your diet. Due to food handling laws, items must be pre-packaged, or prepared and cooked ahead of time, then packaged for safe storage at camp. A refrigerator is available for storage, and a microwave is available for reheating only. Label your items as this refrigerator is available for use by other campers. Due to the complexity of various dietary issues or needs we may not be able to fully accommodate a special need or request. Please feel free to call the office to discuss your particular need or request.

**Please submit your form to your Group Leader.
Silver Spur must receive forms no later than 10 days prior to your stay.**
